The One Broadband Price Guide

Price Guide for Consumer Customers – Prices effective from 16th August 2024

The One Broadband Terms and Conditions (the "Broadband Terms") apply to The One Broadband services and can be found at www.theonbroadband.co.uk/legal. All capitalised words which are used in this Price Guide but are not defined shall have the meaning given to them in the Broadband Terms.

Price disclaimer: Whilst we try to make sure that all our prices and charges are accurately reflected across all our documentation and other materials, including this Price Guide, occasionally inconsistencies may occur. Please note: In the event of conflicting pricing information, the latest Price Guide available at www.theonebroadband.co.uk/legal shall apply.

VAT: All charges quoted in this Price Guide are inclusive of VAT, if VAT applies.

1. The One Broadband Pricing

The tables below set out the monthly price and one-off prices for The One Broadband services.

Please note, your monthly price may increase after your Minimum Contract Period. Out of Contract prices are set out in the tables below for each plan.

From time to time, we may offer in contract discounts on our tariffs through some, or all, of our sales channels. This means that the prices set out in the tables below may not reflect the price you are paying for your The One Broadband plan. Please check your Contract Summary for the price of your plan.

Tariffs are subject to availability and may vary by postcode.

2. Full Fibre Tariffs and Pricing

	Prices Per Month	
The One Broadband Plans	In Contract	Out of Contract
	(0-18 months)	
The Simple One (160Mb)	£35.00	£40.00
The Chosen One (900Mb)	£45.00	£50.00
The Everything One (2.0Gb / 2.5Gb)	£65.00	£70.00

3. Equipment

Each tariff comes with an inclusive router designed to match to maximise the performance of the tariff selected. If you order Boosters during your order process, you will be provided with additional devices (see pricing below).

Every router and booster device from The One Broadband comes with world class encryption and security protocols built-in. The One Broadband service also comes with eero Secure included in your tariff. With eero Secure, you get advanced online security with active threat protection, content filters, parental controls, and ad blocking, all through the mobile app.

4. Broadband Add Ons: The One Boost

You can add Boosters to create a powerful extended WiFi network delivering fast, reliable internet experience in every part of your home. The Booster(s) can be added when you order your The One Broadband service. You can add up to three Boosters per broadband contract during the order journey. If during you Minimum Contract Period, you require more Boosters than you ordered initially, you can contact us to discuss. If you have less than 12 months remaining on your Minimum Contract Period, you

may be required to start a new contract term. See The One Broadband Terms and Conditions for details. Each extender will be priced as below. You cannot add new Boosters when you are outside your Minimum Contract Period.

7. Early Termination Fee

An Early Termination Fee may apply to you when you cancel The One Broadband Plan during your minimum contract term.

The Early Termination Fee will be calculated using the monthly price of your The One Broadband plan multiplied by the number of months (or part months) remaining in your minimum period at the time you give us notice to terminate.

If you'd like to know how much your Early Termination Fee will be at any time during your minimum period, please contact us.

8. End of Contract Notification

You will be contacted before the end of your minimum contract term, in line with Ofcom regulatory compliance, and we will provide you with details on the available tariffs to renew or change your package with The One Broadband that are available at that time. A new minimum period will apply, and you'll need to pay the new charges applicable to that Agreement.

Out of contract: If you do not take any action before the end of the minimum period, you will move to a rolling monthly contract. You monthly payment will be set to our "Out of Contract" prices. Current prices are available in the current price guide available at www.theonebroadband.co.uk/legal.

9. Broadband and WiFi speeds

Broadband speeds referred to in this Price Plan, on our website or any of our other materials are expected average download speeds. Broadband speeds are dependent on all hardware, computing and other equipment components meeting certain minimum specifications, being fully functional and working at full speed. The range of wireless equipment can vary according to the layout and construction of your home. Other factors can also impact internet speeds, such as the number of people using the internet, the level of use of the internet and other environmental and technological influences.

10. Installation Types

a. Non-Standard Installation

Where over 15 metres of fibre is required to connect your premise to the network, or otherwise where defined by our wholesale infrastructure provider, a non-standard installation fee may be payable. This may be confirmed at point of sale before the order is completed. Additional charging should be agreed before committing to the works. Once the order is completed you are agreeing to the Non-Standard installation fee and the above terms apply.

b. Extended Standard Installation

An Extended Standard Installation is where an additional survey is required (or surveys), additional route planning is required, or wayleaves, easements or rights of way are required to be obtained on land other than owned and occupied by the end user

We will confirm at point-of-sale, which installation is applicable to you. You will have the right to cancel without penalty once the Extended Standard Installation price is confirmed, if this is in line with the Late Cancellation terms.

11. Returns Policy

You are required to return all equipment supplied to you as part of The One Broadband service at the end of the contract term, or if you cancel your service. We will provide you with the returns packaging. Failure to return the equipment within 30-days of the end of the contract cancellation date may result in a charge as per the Price Guide.

12. Supplemental Broadband Terms

You are required to return all equipment supplied to you as part of The One Broadband service at the end of the contract term, or if you cancel your service. We will provide you with the returns packaging. Failure to return the equipment within 30-days of the end of the contract cancellation date may result in a charge as per the Price Guide.
